

Gas Cylinder Trolley For (2 Cyl) A40/040

Item No.: 361361415

Product information

Many marine authorities require a special lifting / transport for gas cylinders. This trolley is specially designed for lifting and transporting both 40 l and 50 l size cylinders on board, holding them firmly in place with two wing screw clamps. The trolley has been equipped with extra-large rubber wheels, as the weight of two full gas cylinders is approximately 150 kilos and it is also a strong steel construction which is fully protected against corrosion by galvanization

The trolleys are tested and certified according to the International Labour Office for the test and examination of lifting gear used in the loading and unloading of ships, as safety in transportation and lifting of gas cylinders is a paramount demand. They are also test loaded to 400 kilos and certified for safe working load (S.W.L.) 200 kg.

Features

- Cylinders firmly locked in place and secured
- Tested and certified for lifting
- Sturdy lightweight construction fitted with large rubber wheel

Benefits

- Prevents accidents caused by cylinders falling over
- Can safely be lifted
- Can fast and easy be brought to work locations
