

Goggles W/Lift Front

Item No.: 361361511

Product information

The goggles are lightweight with soft and comfortable surfaces against the face. Their ventilation is designed to ensure sufficient air circulation in order to prevent dampness and fogging of the glasses, while at the same time are preventing the entry of sparks and spatter. The filter shade glass is mounted in a flip-up front frame and a protection glass is placed in front of it in order to protect against spatter. A protection glass is fitted in the fixed frame for protection when grinding and using the chipping hammer.

Benefits

- The headband is adjustable and elastic for comfortable use
- The lenses are clear, anti-mist acetate
- The design provides ample ventilation
