

CLEANING & DISINFECTANT

DESCRIPTION:

Cleaning & Disinfectant is recommended for use in galleys and accommodation areas, including refrigeration rooms, to eliminate and prevent the spread of bacteria, fungi, and viruses.

BENEFITS

User friendly cleaning and disinfecting product that can be applied to most hard surfaces. Eliminates the transmission of bacteria, fungi and viruses.

DOSAGES:

Clean the soiled surfaces with Floor & Hard Surface Cleaner. Dilute 1 : 100 for galley and other areas and 1,5 : 100 for hospital. Use a cloth, mop, sponge, spray, or soaking method to apply the cleaning solution. Let it sit for 15 minutes in galley areas and 30 minutes in hospitals, then rinse off or allow it to air dry. Food preparation surfaces should be thoroughly rinsed with fresh water. It is biodegradable when mixed with water, meaning a new solution should be prepared before each cleaning and disinfection process.

STORAGE AND HANDLING:

Refer to our MSDS for details on product characteristics, potential hazards, and safety recommendations.

Code: 161161121

CLEANING & DISINFECTANT

Highly effective cleaning and disinfectant solution with exceptional bactericidal performance.

Product characteristics

pH: Neutral

Form: Liquid
