

High Pressure Hose AC with Elbow & Safety Cable

Item No.: 211215412

Product information

A high-pressure acetylene hose featuring a 3/4" connector for the acetylene valve and a 1/4" BSP left-hand thread fitting for the manifold. For safety purposes, we strongly advise conducting annual inspections and testing of the hose and replacing it every five years.

Features

- For acetylene
- Braided stainless steel
- Hytrel jacket

Benefits

- Stable and secure connection between cylinder and manifold

Specification

General:	Invent Hazard Material (IMO/EU) classification	N/A
